

Hottest Girl In The World (wideboys Remix)

Jls

Can I talk to you
Cause there's something I should say
Girl i'm so confused, is he your boyfriend
If I jump the gun, put me right back in my place
Can I kiss and run, like i'm your boyfriend

I can be your toyfriend, I can be your lover
Take it how you want girl, treat you like no other
Say, I can be your toyfriend, I can be your lover
Take it how you want girl, treat you like no other

If you should ever wonder why these dudes all form a line
It's cause they see the sexiness that's finally been defined

How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now
You got something no other girl's like that
I wanna touch you so tell me how
How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now

Ha ha
You know it's funny cause, you have no idea
I don't give a nah, so I gotta know your name
Think I talk enough
So what are you saying, girl
I could be your mr right, or I could be your mr right now
Either way girl, let's just shut this down

I can be your toyfriend, I can be your lover
Take it how you want girl, treat you like no other
Say, I can be your toyfriend, I can be your lover
Take it how you want girl, treat you like no other

If you should ever wonder why, these dudes all form a line
It's cause they see the sexiness that's finally been defined

How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now

You got something no other girl's like that
I wanna touch you so tell me how
How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now

Is it cool, if I get real close
Raise a glass, can I make a toast
To the girl, the most beautiful
I've ever seen in my whole life, ever

I say how does it feel

How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now
You got something no other girl's like that
I wanna touch you so tell me how
How does it feel to be the hottest girl in the world right now, world right now
How does it feel to be the hottest girl in the world right now, world right now
