

Get Over Me (feat. Avril Lavigne)

Nick Carter

[Nick]

I messed up

Took you home

Just my luck

You're a psycho

Now I'm lockin' up my door

You had my mail, stole my phone

And how the hell did you change my passcode?

I can't take this anymore

Can't take this anymore...First time, it was amazing

Two times, you acting crazy

Three times, you say it's my baby

It's my baby!!You're calling me every night

Talking bout you and I

I'm hanging up, this is my last goodbye

So how can I make you see

That there ain't no you and me?

What can I do to get you out of my life?

Get over me[Nick]

Now I got a stage five clinger

Tryna put a ring on my finger

Only want me cause I'm a singer

Get over meNow I got a stage five clinger

Tryna put a ring on my finger

Only want me cause I'm a singer

Get over me[Avril]

You broke in, stole my key

Got one made so you can watch me

Even when I am asleep

(You creep)

But that's not where the story ends

You follow me like every weekend

And you're freaking out my friends (freaking out my friends)First time, it was amazing

Two times, you acting crazy

Three times, you want my baby, want my babyYou're calling me every night

Talking bout you and I

I'm hanging up, this is my last goodbye

So how can I make you see

That there ain't no you and me?

What can I do to get you out of my life?
Get over meNow I got a stage five clinger
Tryna put a ring on my finger
Only want me cause I'm a singer
Get over meNow I got a stage five clinger
Tryna put a ring on my finger
Only want me cause I'm a singer
Get over meWhy can't you get the message?
Move on and just forget
Some things were never meant to be
Oh woah
Why can't you get the message?
Move on and just forget
Some things were never meant to be
Get over meGet over me
Some things were never meant to beYou're calling me every night
Talking bout you and I
I'm hanging up, this is my last goodbye
So how can I make you see
That there ain't no you and me?
What can I do to get you out of my life?
Get over meNow I got a stage five clinger
Tryna put a ring on my finger
Only want me cause I'm a singer
Get over meNow I got a stage five clinger
Tryna put a ring on my finger
Only want me cause I'm a singer
Get over me
