

U Got It

Frank Ocean

sad he never takes her no where
and she always in these rooms
She was more than just a phone call
She says she's really in the mood.
Don't you move 'cause I'm coming
Girl tell him don't bother
Cause baby I'm rushin to you
Don't you move.

Chorus:

Girl you know thats all you needed to say. u got it, u got it
Let me grab a jacket and im on the way. u got it, u got it ohh
You want more, you want more
Is that enough, is that enough
Say the word and I'ma on the way. U got it you got it all.
