

# Pressure

Robin Thicke

Say, the pressure's plain to see yeah  
Written all over me baby  
I need you day and night  
Help me, sometimes when the world is fallin' over me  
Seems there's nothing I can do to bring release  
Say my love  
Take me now  
You're my drug Ooh pressure too thick  
When you move, pressure moves with  
Only you make me lose it  
You got me so electrified  
Ooh pressure movin'  
When you groove  
Cuts right through my skin  
Only you take it perfect  
You got me so electrified Say, I don't wanna work no more, I wanna play  
People in my face don't hear a word they say  
Every thought, all my wants, your my drug  
Let me, put you in my mouth, I love the way you taste  
I just wanna savor you till morning breaks  
Hey my love, take me high, everything I do is for us Ooh pressure too thick  
When you move, pressure moves with  
Only you make me lose it  
You got me so electrified (can you feel it baby)  
Ooh pressure movin'  
When you groove  
Cuts right through my skin  
Only you take it perfect  
You got me so electrified Feel the pressure  
Feel the pressure  
Feel the pressure  
Can you feel it baby, ooh Ooh pressure too thick  
When you move, pressure moves with  
Only you make me lose it  
You got me so electrified  
Ooh pressure movin'  
When you groove  
Cuts right through my skin  
Only you take it perfect

You got me so electrified (when you take me baby yeah), ooh  
Feel the pressure, pressure, ooh  
Feel the pressure, pressure, you  
Feel the pressure, pressure  
So electrified Ooh
