

# I Never Thought

## SayWeCanFly

Oh, oh  
You think you know me well,  
But you don't know the half of what I've been through  
Sometimes we gotta walk through hell,  
Just one of many places that I've been to  
And I don't know why you think  
That you deserve a piece of everything  
But take what you can, and earn what  
You want, 'cause I'm not gonna give you anything I've been, I've been thinking about you  
But I don't, I don't know you now  
I thought, I thought our love was true  
I guess we both slipped somehow  
I guess we both slipped somehow You try your hardest to convince me  
I'm worth nothing  
But even with a scar, a diamond's  
Still worth something  
I don't know why you don't understand bad timing  
But do want you want and say what you can  
'Cause to me you'll never be  
A rock worth climbing I've been, I've been thinking about you  
But I don't, I don't know you now  
I thought, I thought our love was true  
I guess we both slipped somehow
