

# All Night Long

Nate Dogg

[Intro/Chorus]

It's a party y'all, tear the roof right off  
Bounce with the double O-G  
Alllllllll night loooooong  
Get off the wall, all of y'all  
Wake up all the people who sleep  
Alllllllll night loooooong  
Let's grooooooove lady  
I don't wanna sleep with you, but maybe later on I do  
Too smooooooth baby  
C'mon let me dance with you, girl I like the way you move

[Interlude]

Home after a hard day's work  
I wanna see the mini skirt  
Tonight I wanna take you out  
I wanna know what you about  
I need to grab some juice and gin  
I need to call a couple friends  
I want to see you shake it and  
I hope this party never ends

[Chorus]

Where else would I go? What else would I do baby?  
It's a party with you lady, ahhhhhhh  
I know you want to, it's all up to you baby  
We can party all night baby, ahhhhhhh

[Interlude]

[Chorus]

This party won't stop (all night long)  
Let's take it to the top, all night long (all night long, all night long)  
This is where I wanna be, my loved ones and me  
All night long (all night long, all niight)  
Go ahead get off the wall, tear the roof right off  
All night long (all night long, alllllll, all night)  
Welcome one, and welcome all, to the city by the deep blue sea  
Where they party all night long, all night long

[Chorus]

[Outro]

All night [5X]
