I Am the Future

Alice Cooper

When does a dream become a nightmare?
When do we do what must be done?
When do we stand and face the future?
When there is nowhere left to run?And you've got to learn just how to survive
You've got to learn how to keep your dream aliveTake a look at my face, I am the future
How do you like what you see?
Take a look at my face, I belong to the future
And you belong to meWhen does a dream become a nightmare?
When do we learn to live with fear?
When we cry out for some salvation
Why is it no one seems to hear?You've got to learn, it's up to you
If you can learn that the dream just might come trueTake a look at my face, I am the future
How do you like what you see?
Take a look at my face, I belong to the future
The world belongs to me, yeahTake a look at my face I am the future
Now, how do you like what you see?
Take a look at my face I belong to the future
And the world it belongs to me, it belongs to meIt's all mine, just take a look at my face
I'm the future, no disgrace
Take a look at my face
This world belongs to, to me
