

# Euphoria Minus One

## Crowbar

War it's been a long time coming from the underground  
Blood I've got to fuel my fire  
With the strength I've found stay strong  
Take in all I tell you do the things that I do  
And pray to god you'll make it  
'cause there is a hard world waiting for your crumbling  
Blood you've got to sacrifice to end the suffering pray hard  
Sacrifice Sacrifice Sacrifice Sacrifice!
