Next Move (feat. Robin Thicke)

Keyshia Cole

We keep on fighting, going back and forth
Whos the first to call? Whos the first to fall in love?
We hide emotions, Whos keeping score?
And you dont want the ball in my court, I dont want the ball in yoursYes, were hiding everything we feel
Somethings there, we both know the deal yea
I know you've been thinking bout me just as much as Ive been thinking bout you
My girls say fight it, let him come to youNow Im waiting (Now Im waiting)
Anticipating (Anticipating)
Whos gonna get this
Can you tell me whos gonna make the next move?
The next move, the next move
Whos gonna make the next move, the next move?
Is it gonna be me or is it gonna be youI hate the fact, we never aid those words
So I can even trip when you wanna act brand new
But I still get mad when you walk up the room
But the truth is: Im not the only one loving youYes, were hiding everything we feel
Cause we both care and we both know the deal
I know hes thinking bout me just like I've been thinking bout him
But we keep on fighting, whos gonna win?Now Im waiting (Now Im waiting)
Anticipating (Anticipating)
Whos gonna get this
Can you tell me whos gonna make the next move?
The next move, the next move
Whos gonna make the next move, the next move?
Is it gonna be me or is it gonna be youI have to decide
Will I be just like the next one?
When I know that Im the best one for you
Cant you see that I, I just want you for my man
Cause I doubt that she can love you like I can
See, youre all I want
So I dont understand why you dont wanna only be with me
Baby, baby, why dont you wanna be with me?Whos gonna make the next move?
The next move, the next move
Whos gonna make the next move?
The next move, the next move
Whos gonna make the next move?
The next move, the next move
Whos gonna make the next move?
The next move, the next move

(Gonna be you)Why dont you wanna be with me?
Youre all I want
