Surgery

Two Door Cinema Club

Do you see me?
And I see you
Tell me what you think
We gonna get off to?
Do you see me?
And I see you
What you think
We gonna do?Coffee
Eyebrow
Change in my pocket I forgot about
Wondering what to do in the morning
Something gotta give me that something
I can tryMy head is a gun
Did anybody let you know?
There's another way to take control
But does it matter that you do?
Danger, possibly, securityDon't we know
You got me doing what I do
Still nobody that you know
Baby, how'd you get so cold?
Major sympathy and surgeryDo you see me?
And I see you
Tell me what you think
We gonna get off to?
Do you see me?
And I see you
What you think
We gonna do?Laundry
Timeout
Time to discover what it's all about
One more day and I write the story
One more always proves to be boring
Can't denyMy head is a gun
Did anybody let you know?
There's another way to take control
But does it matter that you do?
Danger, possibly, securityDon't we know
You got me doing what I do
Still nobody that you know

Baby, how'd you get so cold?
Major sympathy and surgeryLet's say I don't remember
All the things I got right
Did you?
You live this way forever
And the pain you've got has left
Would you?Don't we know
You got me doing what I do
Still nobody that you know
Baby, how to get so cold?
Major sympathy and surgeryDon't we know
You got me doing what I do
Still nobody that you know
Baby, how to get so cold?
Major sympathy and surgery
