

Historia De Amor (Instrumental Version)

Edward Maya

Maya...

It's gotta be a brand new time Ohh, Oh, Ohh Joy got me when you see me every Saturday night.

heaven has sent you by my side You say you'll never let me go

I was standing at your door

Crying for my little love Te vreau pe tine...

Te vreau pe tine... In every song, in the light, I feel love in your eyes

Te vreau pe tine...

The only star in the sky is right here by my side

Te vreau pe tine... Don't want to control you,

Nothing inside me,

Can't break me down, break me down, 'Cause your love, it make me so silent

All reason inside me

Can't break me down, break me down, But you say you'll never let me go

I was standing at your door

Crying for my little love Te vreau pe tine...

Te vreau pe tine... In every song, in the light, I feel love in your eyes

Te vreau pe tine...

The only star in the sky is right here by my side

Te vreau pe tine... In every song, in the light I feel love in your eyes

Te vreau pe tine...

The only star in the sky is right here by my side

Te vreau pe tine...
