

For My Friends

Joe Bonamassa & Beth Hart

One of us has to say he's sorry yeah
Or we will never be friends again
Let's have a drink and talk it over
I wanna keep you for my dateWe're here today and gone tomorrow oh
None of us knows when life will end
I said some things that caused you sorrow
I wanna keep you for my friendA-ha oh ha
A-ha oh ho
Yeah
Oh hoOne of us has to say he's sorry
Or we will never be friends again
Let's have a little drink and talk it over oh
I wanna keep you for my friendWe're here today and gone tomorrow oh
None of us knows when life will end
I said some nasty things that caused you sorrow
But I wanna keep you for my friend heyAha oh ho
Aha oh ho
Oh
Oh ho
