

Crush

Yip Deceiver

I see ya blowing me a kiss
It doesn't take a scientist
To understand what's going on baby
If you see something in my eyes
Let's not over analyze
Don't make too much of it baby
So let it be what it'll be
Don't make a fuss and get crazy over you and me
Here's what I'll do
I'll keep it loose
It's not like we have a date with destiny
It's just a little crush (crush)
Not like I faint every time we touch
It's just a little fling (crush)
Not like everything I do depends on you
Sha-la-la-la, sha-la-la-la
It's raising my adrenaline
You're banging on my heart of tin
Don't go too deep with it baby
You say the word "forevermore"
That's not what I'm looking for
All I can commit to is "maybe"
So let it be what it'll be
Don't make a fuss and get crazy over you and me
Here's what I'll do
I'll keep it loose
It's not like we have a date with destiny
It's just a little crush (crush)
Not like I faint every time we touch
It's just a little fling (crush)
Not like everything I do depends on you
Sha-la-la-la, sha-la-la-la
Vanilla skies (vanilla skies)
White picket fences in your eyes
Visions of you and me
It's just a little crush (crush)
Not like I faint every time we touch
It's just a little fling (crush)
Not like everything I do depends on you

Just a little crush
Not like I faint every time we touch
It's just a little fling
Not like everything I do depends on you
