

# Saving Grace

## Point Of Grace

She had her father's blue eyes  
He left home before she arrived, Mama named her Grace  
Just getting by on their own  
When Grace was 15, she ran from home one December day  
Grace is lost and alone in a world as cold as stone  
God is counting on us to reach her with His love  
It's all about saving Grace, all about living love  
Being Jesus to those He came to save  
Sharing life and giving our own away  
All about serving God, all about saving Grace  
She'd never darken the door of any church  
She would say, "What for? No one there would care for me"  
We have to go where she lives  
Simply show her who Jesus is, watch Him set her free  
For grace flows down from above and faith requires a  
selfless love  
For a world that's dying to see the hope in you and me  
It's all about saving Grace, all about living love  
Being Jesus to those He came to save  
Sharing life, giving our own away  
It's all about serving God, all about saving Grace  
There are countless millions just like Grace who need a  
merciful embrace  
They won't believe our God is real until they feel His touch  
Saving Grace, living love  
Being Jesus to those He came to save  
Sharing life, giving our own away  
It's all about serving God, all about saving Grace  
Being Jesus to those He came to save  
Sharing life, giving our own away  
Serving God, all about saving Grace
