Saving Grace

Point Of Grace

She had her father's blue eyes
He left home before she arrived, Mama named her Grace
Just getting by on their own

When Grace was 15, she ran from home one December dayGrace is lost and alone in a world as cold as stone God is counting on us to reach her with His loveIt's all about saving Grace, all about living love

Being Jesus to those He came to save

Sharing life and giving our own away

All about serving God, all about saving GraceShe'd never darken the door of any church She would say, "What for? No one there would care for me"

We have to go where she lives

Simply show her who Jesus is, watch Him set her freeFor grace flows down from above and faith requires a selfless love

For a world that's dying to see the hope in you and meIt's all about saving Grace, all about living love Being Jesus to those He came to save

Sharing life, giving our own away

It's all about serving God, all about saving GraceThere are countless millions just like Grace who need a merciful embrace

They won't believe our God is real until they feel His touchSaving Grace, living love
Being Jesus to those He came to save
Sharing life, giving our own away
It's all about serving God, all about saving GraceBeing Jesus to those He came to save
Sharing life, giving our own away
Serving God, all about saving Grace
