Just Remember I Love You

[Firefall](#)

When it all goes crazy and the thrill is gone
The days get rainy and the nights get long
When you get that feeling you were born to lose
Staring at your ceiling thinking of your bluesWhen there's so much trouble that you wanna cry
The world has crumbled and you don't know why
When your hopes are fading and they can't be found
Dreams have left you waiting, friends have let you downJust remember I love you and it'll be alright
Just remember I love you more than I can say
Maybe then your blues will fade awayWhen you need a lover and you're down so low
Start to wonder, but you never know
When it feels like sorrow is your only friend
Knowing that tomorrow you'll feel this way againWhen the blues come calling at the break of dawn
Rain keeps falling, but the rainbow's gone
When you feel like crying but the tears won't come
When your dreams are dying, when you're on the runJust remember I love you and it'll be alright
Just remember I love you more than I can say
Just remember I love you and it'll be alright
It'll be alright, it'll be alright, it'll be alright, well it'll be alright
