

# In the Tall Grass

## Astronautalis

Baby tell me anything that you please  
I'll take it all with a grain of salt  
I know exactly why you're calling me  
I don't even need to hear you talk  
Daddy told me always watch my feet  
When walking where the weeds grow too tall  
And i can tell that you're lying to me  
By the fork at the end of your tongue  
The end of your tongue I been up all night waiting for you to come home  
Come up with a good reason  
I been up all night knowing you gone and done wrong  
I know you're lying cause you're speaking  
Go on keep on praying to your god above  
He knows the devil when he sees him  
He only putting bills in your own swear jar  
He won't buy you no freedom  
Careful brother the grass grows awful high here  
Ain't no telling what's dwelling or hides near  
The former felon don't always appear at night  
[?] with right eye that might cry only tattoo tears  
Now, real killers don't kick down doors  
The dangerous ones are ones you invite in your own home  
So while you busy blowing and chanting  
Turn around clown the night gown of the serpent is waiting  
Got you in a death hold that won't let go  
And you're quick to thank him  
Stiletto ain't just a shoe but a knife it is dangerous  
Brother I bet you you just slow  
And you think you can change it  
But a snake is still a snake even if it shed its skin daily I know you listening lady  
Yeah you been keeping tabs on me lately  
Crawled out your rock the moment I made it  
With apologetic talk obama promising changes  
I been up all night waiting for you to come home  
Come up with a good reason  
I been up all night knowing you gone and done wrong  
I know you're lying cause you're speaking  
Go on keep on praying to your god above  
He knows the devil when he sees him

He only putting bills in your own swear jar  
He won't buy you no freedom
