There's A Reason

Mercyme

Now's the time
Let the redeemed celebrate
If you know what I know
You can't wipe the smile off your face
Oh people, stand up and praise
[CHORUS]There's a reason to dance
There's a reason to sing
Of the sacred romance
With our Savior and King
We lift up our hands
We fall on our knees
To the Son of Man
The reason we are free
There's a reason
All glory to

The King of Kings, Lord of Lords
Oh the value of Your worth
No worldly treasures can afford
And we praise You forevermore
[REPEAT CHORUS]There's a reason to stand
There's a reason to shout, to shout Your name on high
So we take up our cross, there's a reason to die
Because Jesus is alive
There's a reason
[REPEAT CHORUS]There's a reason
You are the reason
The reason we are free
