

Fade Away

Day of Fire

Hey, dont wanna run no more
Hey, must find an open door
Hey, ask him to step inside
Hey, I'm tired from this life I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the shame
I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the pain
I dont wanna waste away Hey, walk on but dont come forth
Hey, find what I lost before
Hey, must change the shape Im in
Hey, never go back again I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the shame
I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the pain Im coming to know
Im coming to see you now
(See you now)
Im coming to go
Im coming to see you now
Believe you now I dont wanna waste away
I dont wanna waste away
I dont wanna waste away
I dont wanna waste away I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the shame
I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the pain I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the shame
I dont wanna waste away
Like I saw myself fading yesterday
I dont wanna feel the pain
I dont wanna waste away
