Lightning

Unkle Bob

We didn't say goodbye, we just drifted away
No matter how i tried, I couldn't hear you anyway
Ahh Ahh. You saidLightning doesn't strike twice
Lightning doesn't strike twice
So how will, i live my life
knowing lightning doesn't strike twice.And now it's no surprise, I can't live another day
And that you live your life, you didn't need me anyway
Ahh Ahh. but you saidLightning doesn't strike twice
Lightning doesn't strike twice
So how will, i live my life
knowing lightning doesn't strike twice.
