The Lost Battalion

Sabaton

[Intro]
Far from their land as they made their stand
They stood strong and the legend still lives on[Verse 1]
1918 the great war rages on
A battalion is lost in Argonne
Under fire there's nothing they can do
There's no way, they can get a message through
Suffer heavy losses as the battle carries on
Liberty division standing strong[Hook]
Far from their land as they made their stand
A disregarded demand
It's surrender or die and the stakes are high
They live or they die, there's no time for goodbye
Weapon in hand, they made their stand
Still disregarding demand
They would never comply, they would rather die
Broke through the blockade, they were finally saved[Verse 2]
Friendly fire munitions running low
The supplies, they were dropped upon their foe
1918 the war still rages on
The battalion still trapped in the Argonne
Chose not to surrender, they chose victory or defeat
Fallen brothers resting by their feet[Hook]
Far from their land as they made their stand
A disregarded demand
It's surrender or die and the stakes are high
They live or they die, there's no time for goodbye
Weapon in hand, they made their stand
Still disregarding demand
They would never comply, they would rather die
Broke through the blockade, they were finally saved[Solo][Hook]
Far from their land as they made their stand
A disregarded demand
It's surrender or die and the stakes are high
Live or die, who cal tell there's no goodbye
With weapon in hand, they made their stand
Still disregarding demand
They would never comply, they would rather die
They stood strong and the legend still lives on[Bridge]

Suffered heavy losses through the great war they stood strong
But the memory of the fallen still lives on[Hook]
Far from their land as they made their stand
A disregarded demand
It's surrender or die and the stakes are high
They live or they die, there's no time for goodbye
Weapon in hand, they made their stand
Still disregarding demand
They would never comply, they would rather die
Broke through the blockade, they were finally saved
