

Up All Night

Hinder

Saw a waitress, couldn't waste it
Opportunity knocks and you take it
Went to my place, gotta get a taste
Couple shots hit the bong we were wasted
Now she's all in, the room is spinning
Probably shouldn't have shot that of Jamison
Here we go again, she's a perfect 10
Just tell me how I was in the morningThe night's far from over
And I'm far from sober
But she's looking fine
We're gonna be up all night
Gonna take you for a ride
We're gonna be up all night
Get it on 'til the morning light yeah
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to sleep through my hang overGot my attention, when she walked in
Turning heads with a tiny skirt and sassy grin
She's a blond one, they say they're more fun
I'll let you know when the sexy dirty deed is doneThe night's far from over
And I'm far from sober
But she's looking fine
We're gonna be up all night
Gonna take you for a ride yeah
We're gonna be up all night
Get it on 'til the morning light yeah
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to sleep throughWe're gonna be up all night
Gonna take you for a ride yeah
We're gonna be up all night
Get it on 'til the morning light yeah
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to sleep throughWe're gonna be up all night
Gonna take you for a ride yeah
We're gonna be up all night
Get it on 'til the morning light yeah
We're gonna be up all night

Doing things your dad won't like
So far from sober that I'll have to sleep through
We're gonna be up all night
We're gonna be up all night
We're gonna be up all night
We're gonna be up all night, all night, all night
