Saturday Morning

Triptaktik

Saturday morning
Whos gonna play with me?
Six in the morning, baby
I got a long, long day ahead of meThe parents are sleeping soundly
The neighbors are dead as wood
Im getting up and coming over
We gotta rock the neighborhoodNothings ever gonna happen round here
If we dont make it happen
Sleep away the day if you want to
But I got something that I gotta doIts Saturday morning
And this aint the place for me
Im giving you warning, baby
We got a whole big, fat world to seeNothings ever gonna happen round here
If we dont make it happen
Sleep away the day if you want to
But I got something that I gotta doIts Saturday morning
And whos gonna play with me?
Six in the morning, baby
I got a long, long day ahead of meSaturday morning
Saturday morning
