London Bombs

Eskimo Joe

Drag me by my ankles
To the bottom of the ocean
There I'll stay forever
Until you come back from EnglandThe London bombs
The London bombs
The London bombs
The London bombsI stay up forever
Tried to call your number
But you were lost forever
In the early days of winterThe London bombs
The London bombs
The London bombs
The London bombsDirty little town on the Thames
Is calling you away, ohI stay up forever
And try to find the answer
In the sun, I wait for youThe London bombs
The London bombs
The London bombs
The London bombsDirty little town on the Thames
Is calling you away
Dirty little town on the Thames
Is calling you away, ohThe London bombs
The London bombs
