been waiting

Dino Felipe

We've been friends for so long, I can't deny
These feelings are so strong, I keep hot inside
I wanna tell you but I can't find the words to say
So afraid if I do things will never be the sameI got to work it out, time's really running out
Don't know what to do but I know I gotta say it now
Don't wanna lose a friend but why should I pretend
That I don't love you when I've waited so longSo long, been waiting so long
Been waiting so long
I can't hold it back 'cause I've been waiting so longBeen waiting so long
Been waiting so long, been waiting
I've been waiting so longI've been trying to tell ya, tell ya
That we should be together everyday
Boy, you're giving me something, something, ooh
And I'm crazy in love with all you do'Cause you're giving me
Something, something, something, something
Something, something, something, something, yeahWhen you come to me and say
Some other girl has broke your heart once again
Will you ever learn?All this time I've been patiently
Hoping that you would notice me
You need to know that I've been waiting so longSo long, been waiting so long
I've been waiting so long
I can't hold it back 'cause I've been waiting so longBeen waiting so long
I've been waiting so long
I can't hold it back 'causeI've been trying to tell ya, tell ya, tell ya
That we should be together everyday
Boy, you're giving me something, something, ooh
And I'm crazy in love with all you do'Cause you're giving me
Something, something, something, something
Something, something, something'Cause you're giving me
Something, something, something, something
Something, something, somethingI've been waiting so long, so long
So long, so long, so long, so long
So long, so longI've been tryin' to tell ya, tell ya
That we should be together everyday
Boy, you're giving me something, something, ooh
And I'm crazy in love with all you do'Cause you're giving me
Something, something, something, something
Something, something, something'Cause you're giving me
Something, something, something, something

Something, something, something
Boy, you're giving me something
