

When Your World Was Turning for Me

[Randy Travis](#)

When we found our mountain we named it forever
And we lived on each other's dreams
You helped me build bridges to cross raging rivers
When your world was turning for me I know that it's over, I know that you're leaving
I know that you crave to be free
But I can't help wishing that time could turn backwards
When your world was turning for me What happened to always and forever I'll love you
And the future that was so plain to see
The dream seemed so endless and love had no boundaries
When your world was turning for me
