Make Believe

Toto

Why don't we make believe we're in love again

Who said the crimson moon doesn't shine

Where do people go when they're lookin'

For that one of a kindWhy don't we make believe that we're sorry

Why must we hold it all inside

Where do lovers go when they're runnin'

And there's no place to hide(Always remember)

The day we met in the porrin' rain

(You were content and)

We went our separate ways

No matter which way the wind blows now

Hang on to it anyhow

Don't ever say it could never be the sameWhy don't we make believe we're in love again

Who said the crimson moon doesn't shine

Where do people go when they're lookin'

For that one of a kindWhy don't we make believe that we're sorry

Why must we hold it all inside

Where do lovers go when they're runnin'

And there's no place to hide(Always remember)

Holding hands on a summer day

(You were content and)

You took it all away

I didn't come here to change your mind

Lead you on and waste your time

All alone in the evening, gettin' blueWhy don't we make believeWhy don't we make believe we're in love again

Who said the crimson moon doesn't shine

Where do people go when they're lookin'

For that one of a kindWhy don't we make believe that we're sorry

Why must we hold it all inside

Where do lovers go when they're runnin'

And there's no place to hideWhy don't we make believe

Why don't we make believe
