

# Little Scare

Benjamin Diamond

All we have  
Is little scare  
we don't mind  
we don't care  
remember  
I thought you died  
hold you now  
won't let you cry

Love will bring us back  
Love will bring us back  
Love will bring us back  
Love will bring us back

Like your music  
Like your music  
Like your music  
Like your music

Seven year  
we're still together...and  
The time that's left  
a little scare  
but I want you to know  
you can stand by me....and  
the gift you give to me  
is just my life

Love will bring us back  
Love will bring us back  
Love will bring us back  
Love will bring us back

Like your music  
Like your music  
Like your music  
Like your music

Love will bring us back
