

Bells Ring

Alfatec

Bells ring into the night
Sounds like a mistress on a rainy night
Hold your throw down together
And see the light that goes awayLeave my heart down by the water
He spins inside my soul
It isn't true but you follow
Just hold me down by the waterThey say you look like a believer
Look up to see the weakness in the sky
Nobody's out to buy your story
Nobody wants to know your reason whyHold your hands out towards the water
In front of me to know I'm with you
Don't put it all into your heroLook on if you believe
Look on if you believe
Look on if you believeDon't want to say that I'm through with it
Just want to be, right by your side
Right by your side
