

Rain

Total

It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight I'm so sorry, baby
You know that I want you, baby
I hurt you once again
But open up and let me in I'm so, so wet, darlin'
I know you hear me callin'
Ooh, I really wanna
Make sweet love to you It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight It's time for love, suga
'Cause I really wanna do you
Can you rub me up, rub me down?
Well, you got me in the mood Fire is burnin', suga
Body is yearin' for ya
Boy, the time is here and now
Well, I need you It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight Baby, stay with me
All night long it will be
Shower down on me
Let your love make me free It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight It's gonna rain, oh yeah
Come on in for the night
It's gonna rain, oh yeah
Come on in and hold me tight
