Asian Man

Skankin' Pickle

Ahh, Very fine chineese rock n' rollI'm sick of people telling me
That dog shouldn't be eaten as a delicacy.
Yo, it tastes good
Like a sandwich meat
And heck I like it
And it's low in calories
You eat cow and I eat dog
One moos one barks but both are animals
What can I say I have a rat for a pet.
Can I help it if I like the taste of mans best friend
Look at me man I am invincible
I'm back from the past
And I am the principal.
I can't die
I'm like a piece of pie
I see the bowl of rice
And I eat the fly
Elvis is dead
I'm still alive
If you're wonderin who is me
I am Bruce Lee
I jump tall buildings
And I chop you suey
Stick your tongue at me
And i just say fuey.
I worship the Buddha yeah
That fat gold man it's concept religion
Something you don't understand
Searching for enlightnement
I gotta pay the rent
What can I do they call me
Asian Man
