

# Nekromantic Baby

## Nekromantix

Walkin through the graveyard late at night  
She's holding my hands oh so tightCause she's my nekromantic baby  
And she loves me so [x2]She's making love to me on top of the grave  
There in my arms she feels so safeCause she's my nekromantic baby  
And she loves me so [x2]She puts me back in my grave and goes home before the light  
But she'll be back again for more another nightCause she's my nekromantic baby  
And she loves me so [x2]
