

Hussel (Feat. African Boy)

M.I.A.

[M.I.A.:]

We do it cheap, hide our money in a heap
Send it home and make 'em study fixing teeth

I got a family, a friend in need

A hand to throw the gasoline

A mobile phone hooked up to the scene

Hello, my friend, yes it's me

Don't be scared there's somethin goin on

I'm getting money since I grown

Could be dash, go out and hustle 'em

But I hate money coz it makes me numbHustle hustle hustle

Grind grind grind

Why has everyone got hustle on their mind?Hustle hustle hustle

Grind grind grind

Why has everyone got hustle on their mind?[Afrikan Boy:]

You think it's tough now, come to Africa

You think it's tough now, come to AfricaOut there, we are grinding like pepper

You can catch me on the motorway,

Selling sugar, water and pepper

I rep Africa not Miami,

hustle hustle with M.I.A.

I'm broke, I've got indefinite stay,

You can't touch me like leprosy,

I hustle tough from here to Sri Lanka,

My mum told me to be an accountant,

But I wanna work in a corner shop,

Contact Sugu, he?s got the contacts, mayne

I?m illegal, I don?t pay tax tax

EMA yes I?m claiming that that

Police, I try to avoid them

They catch me hustling, they say deport them[M.I.A.:]

Hustle hustle hustle

Grind grind grind

Why has everyone got hustle on their mind?Hustle hustle hustle

Grind grind grind

Why has everyone got hustle on their mind?

African boy ya know I'm big in Mozambique

Buy one song, get one free
Maybe me, a bootleg CD, colour TV or DVD
We got barrels in the sea
It's big enough to take a whole family
We drum on it
Jun cha cha gegujun cha
Jun cha cha gegujun chaCome sit by me, let me tell you, we
Don't do bling but we do white tee
Up some jungle, up some tree
One second, my phone's ringing
It's my friend Habibi
He then went drop called me
Cheap Moroccan got no credit than me
Y'all got less credit than me
I keep that tab at a shop like a G
Coz without me there'll be no chocolate hersheyHustle hustle hustle
Grind grind grind
Why has everyone got hustle on their mind?Hustle hustle hustle
Grind grind grind
Why has everyone got hustle on their mind? [6x]
