## Tool

My, out of my mind  
My life, I  
My mind, out of my mind  
My life, I So confident so, self obsessed no  
Compromise no, self obsessed no My mind, out of my mind As you stare into the water  
Are you scared you'll be forgotten  
As you stare into the water? My, out of my mind  
My life, I  
My mind, out of my mind  
My mind, I Compromise no, self obsessed no  
Compromise no, self obsessed so  
Compromise no, compromise so  
Compromise so, self obsessed As you stare into the tide  
Are you scared to be forgotten  
As you stare into the water? Terrified, terrified, terrified to be forgotten  
Terrified, terrified, terrified to be forgotten  
Terrified, terrified, terrified to be forgotten  
Terrified, terrified, terrified to be forgotten
