

Mirror (prod. Broadway, Jared Blake Scharff)

Kat Dahlia

[Verse 1]

I wear my heart on my sleeve
Don't act like that's a disease
Need ya'll to bear with me please
I just say what I see
We all just chasing a dream
In the land of the free
While we payin' a fee
To stay on this concrete Well, I don't know the price of your roof
But, the first of the month we all pay our dues
When the rain falls, it don't rain on a few
When the sun shine, it don't shine just on you I don't know the monsters you knew
But I'm tryin to forget the ones I met too.

Maybe you can help me

Maybe I can help you [Chorus]

You look at me and you see what I see
Because you're looking in the mirror
When you're with me there's no use in hiding
Because you're looking in the mirror
Baby, Baby, Baby
Don't look away
Because you're looking in the mirror
'Cause maybe, maybe, maybe we're just the same
Because you're looking in the mirror [Verse 2]

We're all crossing paths
For a reason, I know that
Hoping just to share some laughs
Avoid the broken glass
Have I met you in the past
In a life that I lived last
You know they go too fast
God knows they go too fast Well, I don't know the monsters you knew
But I'm tryin to forget the ones I met too.

Maybe you can help me

Maybe I can help you [Chorus]

You look at me and see what I see
Because you're looking in the mirror
When you're with me there's no use in hiding
Because you're looking in the mirror

Baby, Baby, Baby don't look away
Because you're looking in the mirror
'cause maybe, maybe, maybe we're just the same
Because you're looking in the mirrorBaby, baby
Baby, baby[Verse 3]
It's the same pain
And when I wake
I hear the same wave of sirens
Coming down my way
And I'll never try to leave you
Baby, you're the one I cling to
Baby, don't look away
Baby, don't look away
I am you[Chorus]
You look at me and see what I see
Because you're looking in the mirror
When you're with me there's no use in hiding
Because you're looking in the mirror
Baby, Baby, Baby don't look away
Because you're looking in the mirror
'cause maybe, maybe, maybe we're just the sameBecause you're looking in the mirror
I am you, I am you.
Because you're looking in the mirror
