

# I Won't Tell a Soul

## Charlie Puth

Oh darling  
Know you're taken  
Something 'bout this  
Just don't feel right  
Every time  
One of us, tries to leave here  
Oh the other one  
Holds on tight Oh oh Baby tonight  
There's so much love in between us  
But you say you gotta get home  
Stay here with me  
I won't tell a soul You tell me someone  
Waiting for you  
That you can't do this anymore  
But you kiss me again  
So go ahead and  
Draw the blinds and  
Lock all the doors Baby tonight  
There's so much love in between us  
But you say you gotta get home  
Stay here with me  
I won't tell a soul Oh if you want me  
Like I want you  
I won't judge you  
This could be our little secret  
Our secret  
So tell me if you're ready  
'Cause if no one knows then  
It ain't really cheating  
Oh darling  
I know you're taken  
But something 'bout this  
Just feels so right  
Oh baby  
'cause every time  
One of us, tries to justify the situation  
We just hold on tighter Oh oh Baby tonight  
There's so much love in between us  
But you say you gotta get home

Stay here with me  
I won't tell a soul
