

Ball Tongue

Korn

There you are alone
With no hope of ever having something to be proud of
Something earned without begging
Yes, I know you're a person, a person close to me
Who do you think you are? What more do you want from me?!
Ball Tongue! Why are you at home buried in your self pity?
Why do you insist on living the life out of me?
Yes, I know you're the person, the person that took down me
Does it give you the right to expect your life from balls around me?!
Ball Tongue! You were my bride, when does our friendship end?
I'm not gonna give in
You were my bride, when does our friendship end?
I'm not gonna give in
How can you fuck'n doubt me, but not again Ball Tongue!
You're a psycho-fuck!
Ball Tongue!
