Surrender

Lil' Eddie

Oh, Ooooh
One more time
One more time
Don't move, oooh, move
Oh, Yeahh, Yeahh
Came home early than a usual day
See your car sitting out on my driveway
Door left open and the radio playing
R. Kelly bumping down from my bedroom
Something don't seem correct
I`m feeling real strange
Slowly I`m making my way up the staircase
Hear my baybay, turn the doorknob
Catch him with a lady (Oh hell naw)
Don`t move and nobody up in here will get hurt
Start speaking quick, explain to me who`s this girl
Never gave you permission or the right to remain silent
I`m losing my temper-r-r-r, I`m warning you
You better surrender-oh-r-r-r
You better surrender-oh-r-r-r
You betta
You got nerve bringing her in my place
Whens the last time you paid the rent (Never)
No she aint wearing my lingerie
In a minute, I think I`m about to black out
Why is she feeding you cake like it`s your birthday
Hope you made a wish before she blew your candle
Cuz you know, I`m flying off the handle

Boy stay put its for your own good
Getting to close to be (I said)
Boy stay put it`s for your own good
Who said you can leave
Don`t move and nobody up in here will get hurt
Start speaking quick, explain to me whos this girl
Never gave you permission or the right to remain silent
I`m losing my temper-r-r-r, I`m warning you
You better surrender-oh-r-r-r
You better surrender-oh-r-r-r

You betta
Dear ma, please forgive me
But the light upstairs just went off
I know I told him when he met me
Break my heart, I`m going to jail (He didn`t listen)
Wake up, yes you put the weapon down
Wake up, don`t do it he ain`t worth 25
No way I`m about to let him slide
Don`t move and nobody up in here will get hurt
Start speaking quick, explain to me who`s this girl
Never gave you permission or the right to remain silent
I`m losing my temper-r-r-r, I`m warning you
You better surrender-oh-r-r-r
You better surrender-oh-r-r-r
You better surrender-oh-r-r-r
You better surrender-oh-r-r-r
You betta
