

# Forever

## Little Birdy

Call me anytime  
And I'll be there  
In the summertime  
The cold night air  
Cos I want you  
For a peace of mind  
And a good night stare  
Call me anytime  
And I'll be there  
In the wintertime  
And the trees are bare  
Cos I want you  
For a peace of mind  
And a good night stare  
Forever  
Forever  
Forever is too short a  
Time with you  
Call me anytime  
And I'll be there  
In the summertime  
The cold night air  
Cos I want you  
For a peace of mind  
And a goodnight stare
