

# Very Special Love

**Sarah Geronimo**

I never believed in love  
I was decieved by love  
I never had much luck with lovers before...  
And I couldn't compete  
I seemed just part of the street  
To be walked on by everyone but thenThen, I found a very special love in you  
It's a feeling that's so totally new  
Over and over, it's burning inside  
And I found a very special love in you  
And it almost breaks me in too  
Squeezing me tighter  
But I'm never gonna let go...You're not like the rest  
I know you're one of the best  
You give more than you should and take nothing in return  
Stay always with me  
And I always will be  
The one person that you can count on always to love youAnd I found a very special love in you  
It's a feeling that's so totally new  
Over and over, it's burning inside  
And I found a very special love in you  
And it almost breaks me in two  
Squeezing me tighter  
But I'm never gonna let goAnd I Found a very special love in you  
It's a feeling that's so totally new  
Over and over, it's burning inside  
I found a very special love in you  
And it almost breaks me in two  
Squeezing me tighter  
But I'm never gonna let go...(Repeat and Fade Out)
