

# Where U at Rock

## Kid Rock

Huh, I grew a hurdling cattle  
I got more rhymes than heroin in Seattle  
You wanna battle with the rock quite frontin  
Ill spit on your ass and then tell you that you aint nothin  
Grab your honey and your beer and Ill break south  
Take your money then Ill tell ya, "Get the Hell out"  
Ill put your head out, this is my night  
How ya gonna step with rock when I got the mic  
I shot the Sheriff and the Deputy too  
Paid off the feds now its all about my crew  
What you hoes wanna do  
One at a time or all at once Ill still roll through your whole crew  
Like a south bound trucker  
Hoss and motherfuckers take shorts motherfuckers take a loss  
And when you step with your anger  
Im like the robot from lost in space  
I give a warning but if you dont take it  
Ill put my arm around your neck like were cool then Ill break it  
Its all real cop a feel from my steel  
Heres the deal when I say clap your hands like a seal  
Or better yet give respect where its earned  
You'll eat me up Im like a hot pepper and you might get burned  
You took a turn for the worst  
Walked up in my face rode away in a hurse  
Now how you gonna front on that  
Kid Rocks in the house thats where Im at  
Where u at Rock? Where u at?  
Over here in the rear with your girl in the fourties of beer  
Where u at Rock, where u at?  
Over there with the bad attitude 'cause I just dont care  
Where u at Rock? Where u at?  
Where u at Rock? Where u at?  
1 2, and you dont stop  
3 4, and you dont quit  
1 2, and you dont stop  
From the depths of Hell to Gods right hand side  
Im whats left of the get paid, self made pride  
Ill step in stride, Im raw as cow hide  
My first LP is still sellin that aint no jive  
Am I the chosen one  
Some people aint gettin where Im comin from  
Or where Im goin to stand back  
Kid Rocks in the house thats where Im at  
Where u at Rock? Where u at?  
Over here in the rear with your girl in the fourties of beer  
Where u at Rock, where u at?  
Over there with the bad attitude 'cause I just dont care  
Where u at Rock? Where u at?  
Where u at Rock? Where u at?  
Rock the house yo  
Come on  
And Ill be the long haired wizard with the lazy eye

Ask the ladies and theyll tell ya that Im crazy fly  
Im steppin to the mic like a soldier bro  
I hate to sound like a dick but I told ya so hoeOld crow and a soul full of desperation  
Im rockin up on the mic with no consideration  
For youre church or youre family  
I am ragged couldnt stand me so she banned meIm like a Dandy Lion Jack  
You can cut me down and then Ill pop right back  
And attack from the back like a great white  
Im not down with the scrappin but Im down for the gun fightBehind my back talkin shit  
But when I front your ass you wanna act like a little bitch  
Keep on and you get your ass macked  
Kid Rocks in the house thats where Im atWhere u at Rock? Where u at?  
Over here in the rear with your girl in the fourties of beer  
Where u at Rock? Where u at?  
Over there with the bad attitude 'cause I just dont care  
Where u at Rock? Where u at?  
Over here, over here, over hereWhere u at Rock? Where u at?  
Over there with the bad attitude 'cause I just dont care  
Where u at Rock? Where u at?  
Where u at Rock? Where u at?  
Where u at Rock? Where u at?  
Over here, over here, over hereWhere u at Rock? Where u at?  
Over there with the bad attitude 'cause I just dont care  
Where u at Rock? Where u at?
