

Megatronic (Album Version)

Powerman 5000

Don't you know what I've got you always got?
Can see right through you
Through the lies and through the trouble
Tricks and check what you are doing When you're crying in the corner
Over there you seem pathetic
Yeah, now drop this mega bombshell
'Cause believe you won't forget it Don't you know
I am the Megatronic?
Don't you know
I am the one? Don't you know
I am the Megatronic?
Don't you know
I am the one? Don't you know how I stand up?
You're brainless if you've got one
Wasting it, they're here to take us
Now I'm louder than a shotgun Load it down and don't give up
And put some plastic, steel and wire
When I rock, I rock the planets
Maybe later I'll retire Don't you know
I am the Megatronic?
Don't you know
I am the one? Don't you know
I am the Megatronic?
Don't you know
I am the one? Let it go and let it fly
And let it bust into the new world
Let it live or let it die
A message sent, it was so wacky Almost gone and almost gone
And if it's gone, it's gone forever
And they're trooping with their training
Because no one does it better Don't you know
I am the Megatronic?
Don't you know
I am the one? Don't you know
I am the Megatronic?
Don't you know
I am the one? Don't you know
I am the Megatronic?
Don't you know

I am the one?Don't you know

I am the Megatronic?

Don't you know

I am the one?
