

Madness In Me

Skillet

The madness in me
The madness in me
The madness in me
The madness in me

The madness in me Just once more is all it takes
I tried so hard but all goes up in flames
This is not the way that I thought
I would turn out to be
Tried to get but all that I got
Was more insanity
Broken everything that I touched

Just gone against me I can't get away From the fire that burns inside, consuming
I fight to stand up but I can't breathe
The voices scream, the enemy takes over everything
This is the madness in me Madness in me
The madness in me
Madness in me

Madness in me Just one chance is all it takes
Can't change the past but I can fight to change today
This is not the way that I thought
I would turn out to be
Tried to get but all that I got
Was more insanity
Broken everything that I touched

Just gone against me Got to get away From the fire that burns inside, consuming
I fight to stand up but I can't breathe
The voices scream, the enemy takes over everything
This is the madness in me Madness in me
The madness in me
Madness in me

Just one spark it's all it takes From the fire that burns inside, consuming
I fight to stand up but I can't breathe
The voices scream, the enemy takes over everything
This is the madness in me From the fire that burns inside, consuming
I fight to stand up but I can't breathe
The voices scream, the enemy takes over everything
This is the madness in me The madness in me
This is the madness in me
The madness in me
