Vacancy

[Socialburn](#)

Well time sometimes gets away from me
And I lost myself tryin' to make you see
Every time you cry I lose my mind
And I can't see who you need me to be
When you're lost as well in your vacancy
Locked up and waiting for the sun
'Cause it's rainin' where you are
I'm tryin' but it's too hard
It's rainin' where you are
But you can't run away from everything
So just fall back, fall back
It feels like hell when I'm dyin' inside
Searchin' to find some peace of mind
To make it seem like everything's not wrong
So just give me the key and let me in your room
I'll try my best not to make a move
I won't have to hurt you anymore
'Cause it's rainin' where you are
I'm tryin' but it's too hard
It's rainin' where you are
But you can't run away from everything
So just fall back, fall back
'Cause it's rainin' where you are
I'm tryin' but it's too hard
It's rainin' where you are
But you can't run away from everything
So just fall back on your own again
'Cause it's rainin' where you are
I'm tryin' but it's too hard
It's rainin' where you are
But you can't run away from everything
So just fall back, fall back
Time sometimes gets away from me
And I lost myself tryin' to make you see
Every time you cry I lose my mind
