

# Wade in the Water

[iwrestledabearonce](#)

I heard you could walk on water.  
I watch you play victim to the tombs.  
Slaughter of a filthy pig.  
I'd watch your skin turn on the spit.  
But I would not consume. I won't infect my body.  
Syllables invite you to your tomb.  
Favor taken.-service  
To rip out the tongue.  
Let them suffer. Aware if their miserable lives.  
Restore balance and move on.  
You grow submissive.Unbearable.  
I don't do this for justice.  
The look in your eyes as we consume you.  
Wade in the water. A beast to slaughter.  
Wade in the weight. The water.  
A beast to slaughter.  
I'd gladly watch your skin turning on.  
I know you're seeing this through. On the back end.  
Set in your conviction. Are you?  
I heard you could walk on water.  
The flesh is rotten. Burn till it's forgotten.
