# Criminal Mind

## Rick Ross feat. Akon

[Tyrese]I've got a criminal mind
Ohhh oh oh
[Heavy]C'mon, what what, what what, uh uh
1
These days, I wonder if crime pays
Blinded by criminal minded ways
Smokin' on ya hay
(Turn it up) Uh-huh
These days, cats be pushin' me places I ain't supposed to be
Money got a hold of me, controlin' me
2 - I've got a criminal mind
I can't help it
I'm on my way
To pick up the pieces
It's the only way I see myself gettin' to the other side
That's why I've got a criminal mind
[Tyrese]City lights, diamond sky
What a beautiful thing, to be alive
Everything, is all that I desire
Paper's in my hand, a chance to leap higher
Repeat 2
[Tyrese]Everywhere but felt your life's standing still
You want so much more than the world has to give
I can't see myself workin' every day
Makin' no money, barely getting paid
I should probably regret
All that I've done, in the past
But as I turn the pages of my life
I see you ride up again
[Heavy]
Y'all still don't hear me?
Okay, check this out, yo
It's the D I
It's the D I
It's the D I G G Y, D A double D Y
He be fly, all day
With a P I, G E, okay
Police got a freeze on my diamonds
Did 2 years in the pen, I'm back again

And this time, I got to win
I'm a theif by nature, steal your love
I'm a crook with a hook and a plan for thugs, uh-huh
Y'all don't hear me, huh?
Y'all don't hear me, huh?
Repeat 1
I'mma tell y'all somethin'
Y'all gon' still question my capabilities?
Are you stupid?
You sucka
Repeat 2
Repeat 2
Repeat 2
[Heavy] (Outro)
Y'all don't see me
How we get down, ya know what I'm sayin?
Whatever's necessary, we gon' be 'bout it
'cause we 'bout it, for real (they know we 'bout it though)
(Man, tell 'em how you do it)
Listen man, I got to get what I get any way I can get it
Man, y'all hear me?
(I know that's right)
Repeat 1
Repeat 2
Repeat 2
