

Flesh without Blood

Grimes

[Intro]

Live as yourself

Oh-ah-ah

Oh-ah-ah[Verse 1]

You claw, you fight, you lose

Got a doll that looks just like you

Remember when we used to say

"I love you" almost every day

I saw a light in you

Going out as I closed our window

You never liked me anyway[Pre-Chorus]

Hey, hey, hey

I don't see the light I saw in you before

And no, I don't, and no, I don't

And now I don't care anymore

(And now I don't care anymore)[Chorus]

Baby, believe me

I don't know how many times

You destroyed everything that you love

(Uncontrollable)

If you don't need me

Just let me go[Verse 2]

You hate, you bite, you lose

After all, I just don't like you

It's nice that you say you like me

But only conditionally

Your voice, it had the perfect flow

It got lost when you gave it up though

Cause you want money

You want fame[Pre-Chorus]

Hey, hey, hey

I don't see the light I saw in you before

And no, I don't, and no, I don't

And now I don't care anymore

(And now I don't care anymore)[Chorus]

Baby, believe me

I don't know how many times

You destroyed everything that you love

(Uncontrollable)

If you don't need me
Just let me go[Bridge 1]
Oooh, oooh
Ay, ay, oh, no[Chorus]
Baby, believe me
I don't know how many times
You destroyed everything that you love
(Uncontrollable)
If you don't need me
Just let me go
Baby, believe me
I don't know how many times
You destroyed everything that you love
(Uncontrollable)
If you don't need me
Just let me go[Bridge 2]
Ah
(Uncontrollable)
Ah
Ah
Ah
