

# The High Life

## Logic

I'm so high  
Find me somewhere in the sky  
And i know these days just flow by  
When you're so high  
Head is somewhere in the sky  
And you know these days just flow by

When you're so high  
Yea, my name is mac miller  
And u are now living  
The high life  
Most dope  
Big Jerm i see ya
