

# Song Of The Dreamer

## Eddie Fisher

We met in a dream  
You walked by my side  
And there in that dream  
Your arms opened wide

All the thrills I had missed  
Shown bright in your eyes  
Then softly we kissed  
What a sweet surprise

Loves magic devine  
And temperance supreme  
It was yours, it was mine  
What a perfect scheme

To the heavens above  
I'm praying that you  
Give me that which I love  
Let this dream come true

[Instrumental Interlude]

All the thrills I had missed  
Shown bright in your eyes  
Then softly we kissed  
What a sweet surprise

Loves magic devine  
And temperance supreme  
It was yours, it was mine  
What a perfect scheme

To the heavens above  
I'm praying that you  
Give me that which I love  
Let this dream come true

Let this dream come true
