How Can I Be Saved

Mobile

Have you ever felt as used up as this?
Have you ever tried to bring back all the things you really miss?
Have you ever asked yourself how your life can be achieved?
Have you ever asked yourself what a perfect death would be?
So, how can I be saved?
How can I be saved?
How can I be saved?
Despite all my pain I am unafraid to face the change
Too many times being misunderstood
Yes, it could have been a little easier, yeah
It could have been ten times better
So, how can I be saved?
How can I be saved?
How can I be saved?
Saved, ohh, saved

Locked up like a prisoner in a free land, free land
Love always came and went just like a sleight of hand
So, how can I be saved?
How can I be saved?
How can I be saved?
Yeah, so, how can I be saved?
How can I be saved?
How can I be saved?
I shall be brave to be saved
I shall be brave to be saved
I shall be brave to be saved
I shall be brave to be saved
I shall be brave to be saved
I shall be brave
